The ribbon cutting for the second All-Heart sculpture for the City of Bristol, “Heart of Bristol” recently installed on Federal Hill Green, will take place Monday, 26, at 3 p.m. on the green, the City of Bristol Department of Parks Recreation Youth and Community Services (BPRYCS), announced.

“We are thrilled to have public art here in Bristol and I know the City Arts and Culture Commission is looking forward to more art installations in the future,” Arts and Culture Supervisor Arianna Therriault said in the release.

This “Heart of Bristol” sculpture was created by artist, Amanda Mendoza and funded though the Broad View Fund at Main Street Community Foundation and the Arts and Culture Commission.

BPRYCS Superintendent Josh Medeiros said, also in the release, “Beautification projects like this can add so much to any City, and we are thrilled to see the latest art installation at Federal Hill.”

The location of the heart sculpture is on the southeast portion of Federal Hill Green, near the intersection of Queen Street and Center streets. The public is invited. Parking is available along Queen Street.
