volunteers
supporting
our communities

We dedicate this Annual Report to the group of visionary local leaders that officially established Main Street Community Foundation. We are filled with gratitude to the Founders for their vision and determination to create a community foundation to serve this region.

The fulfillment of the Founders' vision was evident in the Foundation's ability to respond to community needs throughout the COVID-19 pandemic. We never imagined the magnitude of this group's foundational work until 2020, a year like no other.

**Thank you to the Founders
for creating this essential
philanthropic organization:**

**Sherwood Anderson
Carlyle F. Barnes
Thomas O. Barnes
Delores Capers
Ann Clark
Terry B. Fletcher
Edward P. Lorenson
Robert S. Merriman
David J. Preleski
Jeanne E. Radcliff
John E. Smith
Christopher Ziogas**

We also dedicate this report in memory of one of the Foundation's Founders who passed away in early 2021, **Terry Fletcher**. Terry's leadership and enthusiasm was unmatched, and he stayed involved in every aspect of the Foundation, from serving on its Board of Directors to attending every event.

But more than that, Terry was committed to the entire community. He touched hundreds of lives through his professional work as well as his volunteer positions. He greatly affected the Bristol community and that impact will continue to be felt in perpetuity.

Terry, your Main Street family will miss you and we will carry on your legacy.

In an unprecedented year, MSCF's leadership efforts were front and center. While surpassing \$50 million in total assets, a record \$2 million was awarded in grants, including \$850,000 to support COVID-19 response and recovery efforts.

Note: Throughout this report you will see square symbols with a year noted highlighting important milestones and events in MSCF's 25-year history. Every aspect of that history – the donors, the volunteers, the nonprofit organizations – has come together for the greater good, creating the community foundation MSCF is today.

A MESSAGE TO OUR NEIGHBORS

OUR VISION

To be widely recognized as the comprehensive center for leadership and philanthropy in the communities of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

OUR CORE VALUES

Excellence, Integrity, Inclusiveness and Transparency in all we do.

OUR MISSION

To enhance the quality of life for both present and future generations in the communities we serve. We accomplish our mission by encouraging and promoting:

- Gift Planning
- Prudent Stewardship of Assets
- Effective Grantmaking
- Community Leadership

As we write this message to our community, we are filled with gratitude as we reflect on the overwhelming response and outpouring of support both given and received, as we traveled together through a year like no other. We began 2020 with excitement as we planned a year-long celebration for Main Street Community Foundation's 25th anniversary. Within three months, we were navigating uncharted waters and confronting the challenges facing us all throughout the onset of the COVID-19 pandemic. Together, we mobilized resources and provided \$852,000 in critical response support to nonprofits meeting the needs of our community at a time when it was needed the most. A record breaking \$2 million in grants and scholarships was awarded throughout the year bringing the grand total to over \$21 million distributed since the Foundation's establishment in 1995.

As we continue to strengthen the Connecticut communities of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott in the aftermath of a most challenging year, we are filled with hope and the knowledge of all we can accomplish when we work together towards a common goal. And working together sure looked different. Armed with masks, lots of hand sanitizer and a crash course in virtual meeting technology, the work of the Foundation never skipped a beat. In fact, it was amplified. With the support of the MSCF board of directors, staff members were able to seamlessly carry out their roles and responsibilities, listen intently and rapidly respond to the needs of our grantees.

We are forever grateful to the many determined people who created a community foundation that is trusted, operates with integrity and stood strong as a leadership institution in 2020. Not only were we facing a public health crisis due to the pandemic, we chose to take deliberate action to reaffirm our commitment to equity and social justice. The MSCF Board of Directors established a Diversity, Equity and Inclusion Committee tasked with the development of initiatives that will strengthen our ability to foster equity and inclusion in our local communities.

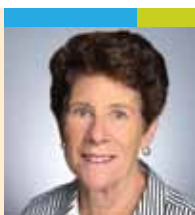

We are the most comprehensive philanthropic organization serving the residents and neighbors of your communities. Stewarding \$54.7 million in assets at December 31, 2020 composed of over 250 named funds, we are thankful to the generous donors who have established a legacy fund to create lasting impact. Our continuous adherence to sound financial practices led to an unqualified audit opinion of our 2020 financials from the accounting firm CliftonLarsenAllen LLP. We are also confirmed in compliance with the National Standards for U.S. Community Foundations, a distinction we have held for over sixteen years.

On behalf of the Founders, Board of Directors and staff of MSCF, we thank you for your partnership as we continue to build a thriving community today and for future generations. Cheers to 25 years of collective philanthropy and creating lasting impact. Now that is worth celebrating!

◀ Susan D. Sadecki

Chair of the Board

A LOOK BACK TO 2008

Susan Sadecki joined MSCF as President & CEO, leading the Foundation into an era focused on community leadership and collaboration.

GIFT PLANNING

Since our founding in 1995, endowed gifts and bequests have been the cornerstone of charitable contributions to the **Main Street Community Foundation**. Each of the following funds established in 2020 reflect a donor's interest or philanthropic objective to leave a legacy and make a difference in one or more of the communities we serve – Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

A LOOK BACK TO 2019

MSCF received its first million dollar bequest from an anonymous Southington resident to establish two endowment funds. The KAWFY Memorial Fund will support organizations serving Southington, and the KAWFY Memorial Scholarship Fund will provide scholarships to Southington residents.

Funds Established in 2020

Kai Alejandro Yagual Betts

Kai Alejandro Yagual Betts Memorial Fund

Baby Kai Alejandro Yagual Betts passed away at just four months old and brought so much joy to all who knew him in his short life. This designated fund will honor his memory and help other families who suffer an unexpected or untimely death of an infant under the age of two. Grants will be awarded to nonprofit organizations that provide family support services that may include: peer bereavement groups, burial/cremation financial assistance to low income parents, educational programs for medical professionals and other services to raise awareness of the effects of infant loss on families.

Bread for Life Fund

Bread for Life established this agency endowment fund to provide ongoing support for the organization. Bread for Life's mission is to ensure no one in the Town of Southington goes hungry by providing food, fellowship and a sense of dignity to those in need. The organization provides meals served daily, delivered to the senior community and homebound citizens and to children in the summer.

Ron Burns

Ron Burns Community Leadership Scholarship Fund

Ron Burns has been an integral part of the Bristol community for decades. To continue his legacy of tireless community leadership and commitment to the youth members at the Boys & Girls Club of Bristol, Ron's sister Geri Ann Bradley, their family and The Bradley Family Foundation established this scholarship fund. Scholarships will be awarded to members in good standing of the Boys & Girls Club of Bristol to assist with the tuition costs of post-secondary or technical education.

COVID-19 Response Fund

This fund was established by Main Street Community Foundation's Board of Directors in the early days following the declaration of the worldwide COVID-19 pandemic to mobilize the necessary resources to assist local communities. This Fund was built by individual donors, private foundations, grants from donor advised funds, businesses and the community at large. Grants from the fund provided much needed rapid response and recovery supports to community organizations meeting the needs of local residents in Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott. 100% of funds donated were used to make immediate impact.

Funds Established in 2020 (continued)

David Greenleaf Community Support Fund

Bristol resident David Greenleaf has long supported the greater Bristol community through his own volunteer and philanthropic efforts. Establishing this donor advised fund will extend his support to a variety of charitable causes primarily in the communities served by Main Street Community Foundation.

Dr. Davia Shepherd

Ladies Power Lunch Fund

Dr. Davia Shepard founded Ladies Power Lunch, a collective of women from a wide range of businesses that only has one rule: support each other. Ladies Power Lunch offers free educational monthly business or personal development workshops, and throughout the year hosts summits, conferences and retreats. Dr. Shepard established this donor advised fund to continue that mission and support a variety of charitable causes with preference for programs that support economic prosperity for women living and working in the communities served by Main Street Community Foundation.

Ed and Laura Lorenson

Lorenson Fund

Ed and Laura Lorenson established this donor advised fund to support a variety of charitable organizations primarily in the communities served by Main Street Community Foundation. Ed, a founder of Main Street Community Foundation, together with his wife Laura, have always been supporters of the greater Bristol community and have made it their mission to improve the lives of those around them.

Frederick T. Manross Trust

Established by a bequest in 1975 from Bristol resident Frederick T. Manross, the Foundation was named trustee in 2020. Annual distributions will support Bristol Hospital and the F.N. Manross Memorial Library in Forestville.

Jacob Perkins

Jacob Perkins Memorial Fund

This designated fund was established to honor the memory of Jacob Allen Perkins, who was only 20 years old when he died by suicide in October 2019. Jacob enjoyed many things including camping and just being outdoors. He had a strong affinity towards animals, especially dogs, where he seemed to be able to calm and befriend any animal he met. This fund will provide an annual grant to the Southington Police Department to benefit the Southington Police K-9 Unit.

The Audette Family

Pyrzenski/Audette Family Fund

Longtime Plymouth residents Michael and Jeanine Audette and their daughters established this donor advised fund to honor the legacy of giving passed on by their families. The Audette and Pyrzenski families have been devoted volunteers in their communities and grants from this fund will support a variety of charitable organizations focused on some of their most passionate causes, such as education, basic needs, and social/gender issues.

Becoming a Donor/Establishing a Fund

There are many ways to donate to Main Street Community Foundation to support worthwhile charitable organizations and causes in our service area of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott, Connecticut. The Foundation offers a range of personalized services to help donors fulfill their charitable goals. As partners in philanthropy, we work with each donor to establish a fund or gift plan without complex administrative burdens.

Give to an existing fund

You can support the Foundation's ongoing work with an unrestricted gift of any amount. Contributions can also be made to any of the Foundation's permanent endowment funds which benefit a diverse range of charitable purposes.

Establish a new fund

Our donors are individuals, families, companies and charitable organizations. You can establish a fund using a variety of gift-giving vehicles, including: cash, stock, retirement assets, other tangible personal property, bequests and other planned gifts. Most new endowment funds can be established with a minimum donation of \$10,000; to establish a new scholarship fund, the minimum is \$25,000. This gift can be given as a lump sum or over a period of time during your life. You may also leave charitable assets upon your passing in the form of a bequest in a will or trust, retirement plan designations or beneficiary designation in a life insurance policy. A fund can be established as a permanent endowment or as a temporary fund in which income and principal will be distributed.

Our flexible fund options include:

■ UNRESTRICTED COMMUNITY FUNDS

Your gift is flexible and responsive to emerging and changing community needs. You place no restrictions on your gifts and leave decisions about charitable use of the funds to the Foundation.

■ FIELD OF INTEREST FUNDS

You have the opportunity to support a broad category of need such as the arts, healthcare, education, environment or a specific geographic area. Grant recipients are selected by the Foundation's Distribution Committee.

■ DONOR ADVISED FUNDS

You actively participate in grantmaking by recommending charitable organizations to receive grants. Foundation staff assists you by researching grant requests and connecting you with potential grant recipients.

■ DESIGNATED FUNDS

You designate support for a specific charitable organization. If the named charity ceases to exist, another organization with a similar purpose is selected by the Foundation's Board of Directors to ensure your purpose for giving will be honored in perpetuity.

■ AGENCY ENDOWMENT FUNDS

Established by a nonprofit organization as a means to protect their charitable dollars for the future and to ensure an annual source of support for their programs and operations.

■ SCHOLARSHIP FUNDS

You can establish a named fund for any level of education. You may designate a particular school or field of study and select eligibility criteria.

■ SUSTAINABILITY FUNDS

You make permanent gifts that strengthen the Foundation's role as a funder, a community leader, convener and advocate.

Donor Services

The Main Street Community Foundation provides permanent, professional administration of charitable funds without the expense or effort of establishing a private foundation. All assets are professionally managed with oversight by the Investment Committee and Board of Directors. There is no cost to establish a fund. There is a modest management fee which supports the administrative operations of the Foundation. Your benefits include:

- Choice of fund type and fund name
- Grantmaking support and counsel
- Administration of gifts and grants
- Maximum tax advantages allowed by law
- Prudent investment management
- Permanent recognition or anonymity at donor's discretion

Additional Services

The Foundation can assist private foundations or other grantmaking institutions in a variety of ways that include:

- Administration of grantmaking programs
- Project review for funding consideration
- Advisement on community needs and priorities
- Assistance to private foundations to meet pay-out requirements

Leaving a Legacy Through Bequests and Planned Giving

CORNERSTONE SOCIETY

The Main Street Community Foundation is built on the dreams and desires of people who are part of the Foundation's service area. For some people, the desire to create a legacy comes during their life as a current gift. For others, these legacies are shaped by the donor as future bequests or planned gifts. And still at other times, a celebratory or tragic event, such as a retirement or sudden death, will be the impetus for honor or memorial gifts that may be used as the beginning of an endowed fund in a loved one's name. Large or small, all of these gifts enhance the quality of life in your community for generations to come.

If you have included Main Street Community Foundation in your estate plan and would like to be included in the Main Street Cornerstone Society, please contact the Foundation office at 860.583.6363.

A cornerstone provides a strong support to a structure for its future stability. Laying this groundwork for the future is critical. Like this permanent support, Cornerstone Society members lay the groundwork for the organizations and causes they care about most, and the future stability of the Foundation.

The opportunity to give later is simple. You can leave a bequest to the Main Street Community Foundation for the causes you care about in a will or trust, through a retirement plan designation, life insurance beneficiary designation, remainder interest in real estate, or other planned giving vehicles.

We are pleased to recognize the following very generous individuals who have made or have communicated their plans to leave a gift to the Foundation in their will, estate plan or some other deferred gift.

A LOOK BACK TO 1997
The Cornerstone Society was established to recognize donors leaving bequests or other planned gifts to MSCF to continue their legacy.

The Greatest Gifts are Wrapped in Love

A bequest can fuel a charitable passion that you have been supporting throughout your lifetime, and it will ensure that cause will continue to be funded long after you are gone. Nearly \$2.5 million has been received in bequests since the Foundation's establishment in 1995.

Leaving a bequest to Main Street Community Foundation is one of the easiest things you can do, and as with any charitable giving plan, you can make it work for you. There is no average size of a bequest, and gifts have ranged from \$2,000 to \$1.02 million. Donors' bequests have established new funds and have helped to add resources to existing funds that were established during the donor's lifetime, funds that were created in memory or honor of a loved one or simply funds that support a specific cause. The bequests have supported a wide variety of causes as well, from animal care to education to basic needs, but they all have one thing in common: the cause was incredibly important to the donor. There are dozens of stories to be told, but here are just a few:

Mark Keating of Bristol was a proud St. Joseph School alumnus. He wanted others to be able to gain the same education he did even if they could not afford it. When he passed away in 2006, he left a bequest to establish the **Keating-Monaghan Memorial Scholarship Fund**, which provides scholarships to students attending St. Joseph School in Bristol. The fund is named in memory of both his paternal and maternal families.

Richard Lass of Plymouth was a member of the Army during World War II, and one of his best friends was Walter Peterson. When Richard passed away in 2016, he left a bequest to the **Estelle Delano Peterson Scholarship Fund** at MSCF, which had been established by Walter's family in honor of his wife Estelle. Due to the bequest, the fund was made permanent and will now live on in perpetuity.

Betty Matt had established two funds during her lifetime: the **Elizabeth I. and Louis J. Matt Animal Protection Fund** and the **Elizabeth I. & Louis J. Matt Medical Scholarship Fund**, both of which are named in honor of her and her late husband, Louis J. Matt. When she passed away in 2013, she named the Foundation the beneficiary of her IRA, substantially adding to the two funds.

Peter Saman of Vermont and Connecticut, left a bequest to Main Street Community Foundation to honor his paternal grandparents. The **Stephen and Katherine Saman Memorial Fund** will support a variety of charitable organizations with preference for historical preservation including preservation of older buildings.

By leaving a bequest, you are choosing your legacy while helping to sustain nonprofit organizations and causes important to you. What will your legacy be?

EFFECTIVE GRANT MAKING

The Main Street Community Foundation welcomes grant applications from nonprofit organizations serving the Connecticut communities of Bristol, Burlington, Plainville, Plymouth, Southington, and Wolcott. Grants are made in the fields of **Arts & Culture**, **Community Development & Outreach**, **Education**, **Health**, **Human Services**, **Environment**, **Animal Welfare** and **Youth Development**. Application guidelines are available for each grant program at www.mainstreetfoundation.org.

The distribution process for grants from Money in Motion, Immediate Response and Donor Advised funds continues throughout the year as requests or special initiatives are presented to the Foundation. Scholarships are available to individuals pursuing educational and career opportunities in a variety of areas and at varying levels of education and training.

A LOOK BACK TO 2010

MSCF celebrated its 15th anniversary. Foundation assets totaled \$26 million and \$7.5 million had been distributed to date. To celebrate, six surprise \$1,000 grants, one to each community, were awarded at *The Main Event Anniversary Celebration*.

2020 Grants Awarded

In 2020, Main Street Community Foundation was proud to distribute **\$2,032,748** in grants and scholarships to support many worthy causes and organizations in your community.

COVID-19 Response and Recovery

Total Grants Awarded to Support COVID-19 Response and Recovery Efforts - \$851,565

Main Street Community Foundation has mobilized resources since the pandemic outbreak to address the urgent COVID-19 related needs in the communities we serve. A LOOK BACK TO 2009

The Douglas Roland Aid for the Trades Scholarship Fund was established to provide assistance to individuals entering career training programs and has since awarded \$52,264 to help students achieve specific occupational goals.

Scholarship Program by the Numbers

01

A LOOK BACK TO 2001
The first scholarship reception was held to allow donors to meet the students who received scholarships, twelve students were in attendance.

1,200+
applications

153 →
students awarded

While student learning looked different for much of 2020, Main Street Community Foundation's Scholarship Program remained virtually unchanged. Over 1,200 applications were submitted and 153 students were awarded a total of \$228,742 to pursue their educational and career goals.

81 →
funds established

Scholarships were awarded from named funds that have been established by individuals, families, businesses and other organizations. Although each scholarship has unique criteria, all donors seek to assist students and believe that helping students ease the financial obligations of education is an investment in the community and in the future.

32 →
volunteers

All scholarships are awarded through a blind competitive application process. A volunteer selection committee comprised of 32 individuals in 2020, as well as dozens of donor representatives, evaluates all applications before recommending recipients. The recipients are elementary and secondary school students, graduating high school seniors, current college students and adult learners attending community colleges, four-year colleges and universities, military academies and vocational/technical schools.

COMMUNITY LEADERSHIP

The Foundation's community leadership efforts, also known as **Money in Motion**, address a broad range of community goals. We identify opportunities within the community to support meaningful dialogue on issues affecting the towns we serve. We convene community members, assess changing needs, and propose action on critical concerns. In this way, we are able to develop collaborative solutions to meet emerging needs and provide support to what matters most to the people who live and work in the cities and towns of this region.

A LOOK BACK TO 1998

MSCF received a \$21,750 grant from the Robert Wood Johnson Foundation in partnership with the Bristol Community Wellness Coalition to host a day-long forum on underage drinking in the city.

Diversity, Equity and Inclusion

Amidst a devastating global pandemic, calls for an end to systemic racism rang loud in 2020 following repeated high-profile cases of racial violence. Main Street Community Foundation joined the collective outcry and released a Message to the Community re-affirming our commitment to stand against racial injustice.

We set a goal to become educated as an organization in order to deliver on our promise to do better when we know better. We promised to listen first and then take deliberate action to raise awareness around racial and social justice issues and strengthen our practices utilizing a Diversity, Equity and Inclusion (DEI) lens. As part of these efforts, a DEI subcommittee comprised of MSCF board and staff members was formed with the purpose of developing a plan of action that would lead to a more culturally competent organization.

Leveraging Equity and Diversity, a group committed to teaching leaders how to center equity in the workplace, was chosen to develop

a dynamic interactive DEI workshop series, which was offered to MSCF board and staff in October of 2020. The workshops provided a safe space for each participant to learn about what it means to be an anti-racist and how to apply these concepts in their work with the Foundation. Margi Fletcher, MSCF's Board Chair, said, "We learned so much from our time with the team at Leveraging Equity and Diversity. We will continue to build upon the knowledge and skills we gained to continue our work through a newly focused DEI lens."

Looking forward to 2021, MSCF has invited Debby Irving, a renowned social justice educator and author of *Waking Up White*, to engage in a virtual conversation with MSCF Board, staff and volunteers. Susan Sadecki, MSCF's President & CEO, said "It is our hope that by creating opportunities for these kinds of community conversations, we will all grow together in understanding, empathy and a willingness to do what it takes to create lasting change."

Counting Bristol: Everyone Matters

2020 was a monumental year for so many reasons, one of which was the collection of data for the Census. Completed every 10 years, the Census not only provides a snapshot of our communities but it determines how many representatives each state will have in Congress and how much federal funding communities will receive for roads, schools, housing and social programs.

It is critical that everyone be counted. The City of Bristol established the Complete Count Committee to advance resident engagement activities and promote a positive and complete count of its residents. Many times, the people who are in the most need and would benefit the greatest from the data collected in the Census, are the same people who may be missed and not respond. One reason for that is due to language barriers. Bristol in particular has a high population of residents who are primarily Spanish-speaking.

MSCF awarded a \$1,280 grant from the Money in Motion Fund to the City of Bristol whose Diversity Council created

a bilingual flyer. The double-sided flyer had information on the three ways to fill out the Census, why participation is important and what the financial impact of federal funding is for Bristol.

To reach nearly everyone in the City, 18,000 flyers were inserted into the Bristol Observer, a free newspaper that was delivered to all Bristol homes. Another 2,000 flyers were distributed throughout the community at various events.

In addition to this initiative, MSCF as well as the City of Bristol participated in several other outreach efforts to ensure that all residents filled out the Census and were counted.

MSCF wants to provide relief today so our community will be strong for tomorrow.

2020 saw businesses close, schools shut down and people struggling to survive. It was a year filled with tragedy and lost hope. But it was also a year of strength, resilience and collaboration. A worldwide pandemic triggered local community response like never before.

Main Street Community Foundation was built for a year like this. The structure and expertise were in place as were deep relationships in all communities served – relationships with other funders, nonprofit organizations and the community. MSCF took on numerous leadership roles, ensuring that the Foundation was aware of any and all changing needs, and continually reached out to organizations to listen to their concerns.

Nonprofit organizations were facing dire circumstances. They saw a significant increase in the demand for their services and a simultaneous decrease in both program and fundraising revenue. Working side by side with the executive leadership of the Foundation, the MSCF Board of Directors recognized the challenges facing the nonprofits and took action. In March, MSCF joined hundreds of foundations throughout the country in partnership with the Council on Foundations to pledge its commitment to more flexible funding, allowing nonprofits to meet emerging needs prompted by the COVID-19 crisis.

That commitment began with the establishment of the COVID-19 Response Fund in March and continued with MSCF continuously adapting its grantmaking guidelines throughout the year and across all grant cycles. Much of the grantmaking, including distributions from the Bradley Henry Barnes & Leila Upson Barnes Memorial Trust and the Women & Girls' Fund, provided funding for what nonprofits needed the most: unrestricted operating support.

In 2020, \$852,000 in grants were awarded from the COVID-19 Response Fund and other funds at MSCF to support response and recovery efforts. These were the most transformative grants MSCF has ever awarded. The listing of these grants can be found on page 11 of this Annual Report.

With the funds at MSCF, the Foundation was able to rapidly deploy flexible resources to help in areas affected by the pandemic. MSCF worked in partnership with town governments and other funders to ensure all funds had maximum reach and effectiveness.

And it is not over. MSCF will continue COVID-19 response and recovery efforts until our nonprofit organizations can resume normal operations. MSCF wants to provide relief today so our community will be strong for tomorrow.

The COVID-19 Response Fund

The COVID-19 Response Fund has been critical to response and recovery efforts, and it was built entirely by the community, garnering donations from private foundations, donor advised funds, individuals, businesses and families. MSCF has been able to respond in the way it has due to the generosity of many donors, which can be found on the following page.

The first phase of grantmaking from the COVID-19 Response Fund provided rapid response grants to 20 nonprofits to meet the basic needs of residents. Grants ensured that nonprofits were able to provide much needed food pantry items, educational materials for students learning from home and so much more. In the second phase, grants provided local nonprofits with unrestricted support to sustain their operations.

The COVID-19 Response Fund entered into a third phase in 2021, providing capacity building grant support, and will continue to provide flexible funding to nonprofits.

Assisting Nonprofits and the Community in Other Ways

Nonprofits serving this region came together – we learned together and we acted together to address the shared issues your neighbors were facing. It wasn't just through funding, but also various initiatives and task forces; everyone wanted to do more for the community.

Main Street Community Foundation volunteers regularly teamed up with the United Way of West Central Connecticut to distribute food through the Farmers to Families Food Box Distribution Program. MSCF also sat on all local task forces to ensure collaborative solutions reached all residents.

Grant in Action

At the start of the pandemic a plea was made to the public: If you have new or unused personal protective equipment (PPE), donate it to health workers on the frontlines of the pandemic. Not only did individuals step up, so did companies and organizations.

Main Street Community Foundation was proud to be part of a community collaboration in April to create face shields for healthcare workers and first responders. A \$5,000 grant to Hartford HealthCare from MSCF through the Bradley Henry Barnes & Leila Upson Barnes Memorial Trust ensured that healthcare workers in Southington received the PPE they needed to stay safe while helping others.

The face shields were produced by OKAY Industries in New Britain with assembly taking place in New Britain High School by community volunteers. OKAY Industries produced 22,000 face shields for local hospitals, first responders and health organizations, with 14,000 going to Hartford HealthCare.

A LOOK BACK TO 2007

One of the first nonprofit education events was held. MSCF partnered with the United Way of West Central CT to host a board governance educational exchange event for local nonprofits.

A LOOK BACK TO 2012

MSCF launched its *Community Wish List*, a collection of needs from nonprofits that donors can support. The list can be found on www.mainstreetfoundation.org.

Sponsors Redirect Funds to COVID-19 Relief

As part of its 25th anniversary, Main Street Community Foundation was planning on hosting *The Main Event: A Quarter Century Celebration* to not only celebrate but to raise funds for community leadership initiatives. However, with the health and safety of the communities of top priority, the event was canceled.

Before the start of the pandemic, local businesses, organizations and individuals had generously committed sponsorships to *The Main Event*. After the cancelation, all sponsors redirected their support to MSCF's COVID-19 Response Fund. This included the Quarter Century Sponsorship (\$25,000) from the Robert R. Rosenheim Foundation and the Leadership Sponsorships (\$10,000) from Barnes Group Foundation and Merrill Lynch Wealth Management. The sponsors' donations provided additional resources to those organizations on the front lines meeting the basic needs of residents and aid in the recovery period to bolster local nonprofits.

The Main Event sponsors are listed below.

COVID-19 RESPONSE FUND DONORS

MSCF has only been able to respond swiftly and effectively due to the generosity of many donors to the COVID-19 Response Fund.

Every donation has directly strengthened the nonprofit organizations providing vital services to residents in Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

SPONSORS OF THE MAIN EVENT

Making Women and Girls Centered Data Accessible

Main Street Community Foundation is a proud member of the Connecticut Collective for Women and Girls. The Women and Girls Data Platform is a collaboration between the Connecticut Collective for Women and Girls and the Connecticut Data Collective. It was jointly funded by several foundations, including Main Street Community Foundation with a grant from the Women & Girls' Fund.

The needs of women and girls are known, but reliable information on those needs is vital to addressing them. The Connecticut Women and Girls Data Platform was created to equip nonprofits, government and community members with the power that essential data provides to increase equity of women and girls in Connecticut. The platform is one of the first of its kind in the country and can be accessed at womenandgirls.ctdata.org.

The Women and Girls Data Platform is an interactive resource that provides regional, city and statewide public data and is aggregated for race and gender. Data is featured by demographics, health and safety, education, economic security, civic engagement, mental health, substance abuse, justice and housing.

Findings based on the data include:

In Connecticut, 2 in 3 females aged 25 plus have at least some college education.

Female full-time workers in Connecticut have experienced a larger wage gap compared to the United States. As of 2018, the wage gap remains substantial at 19 percent.

The median earnings of women working in STEM and management fields are highest among all industries. However, management occupations comprise 13 percent of all female employment in Connecticut and STEM field accounts for only 4 percent.

Women of color have had lower homeownership rates than white women.

There are approximately 113,110 women owned businesses in Connecticut, which employ 95,300 people and contribute \$16.4 billion to Connecticut's gross domestic product.

Female students are slightly more likely to have used electronic vape products at least once.

47.8 percent of female-headed households in Connecticut age 65 and younger are below the ALICE threshold. 52.2 percent of female-headed households age 65 and older are below ALICE. The ALICE threshold represents the minimum income level necessary based on the Household Survival Budget (the estimate of the total cost of household essentials).

Adult women were more likely to report poor mental health than adult men. Black respondents suffer from poor mental health at a higher rate than respondents of other races.

COVID-19 and the Effects on Women

The Connecticut Collective for Women and Girls and the Connecticut Data Collaborative joined together again to publish *Essential Equity: Women, COVID-19 and Rebuilding CT*. This report explores the disproportionate impact of COVID-19 on women and girls (particularly, women and girls of color), across areas of health, economic security, child care, housing, mental health, safety and hunger. The report calls for gender and racial equity to be centered in relief and recovery. It also highlights that effective economic recovery will not be possible without strong participation from women.

The report can be accessed at aurorafoundation.org/essential-equity.

STEWARDSHIP OF ASSETS

The role of the Main Street Community Foundation as a steward of permanent assets provides a unique service to the community. Each of the funds listed in this report was established by a donor with a very specific purpose in mind.

Safeguarding assets in perpetuity to honor donor intent is a responsibility we uphold every day. Administered prudently and thoughtfully, endowments will continue to provide a stable source of funding to projects, programs, and organizations in the Foundation's service area. All financial policies instituted by the Foundation are cornerstones of that prudent stewardship.

00**

A LOOK BACK TO 2000

Main Street Community Foundation Endowment Fund was established by an anonymous donor as the first sustainability fund. Sustainability funds provide critical resources to MSCF, allowing the Foundation to be flexible and meet emerging community needs.

Burlington Community Fund

In 2011, a group of committed community leaders in Burlington came together to create an endowment fund at Main Street Community Foundation to provide a permanent source of funding for charitable projects and programs that will enhance the quality of life for Burlington residents. In 2020, the Burlington Community Fund continued to grow and give, and desire to help the community during such difficult times only fueled the Fund to do more.

The COVID-19 pandemic meant that outdoor activities were often the only way connect with others and escape isolation. When the Environmental Learning Centers of Connecticut needed funding to purchase Pigeon Hill, a piece of Burlington land abutting the Shrub Road Nature Center, in order to build more trails for Burlington residents to enjoy, the Fund responded with a \$1,000 grant.

The fall grant cycle resulted in two grants awarded. The Burlington Volunteer Fire Department received \$2,500 to replace two thermal imaging cameras. Meanwhile, the New England Carousel Museum received \$1,000 to provide free admission to the Museum for Burlington residents.

The Fund's Advisory Council not only evaluates grant applications for local support, but continually identifies needs in the community. During the pandemic, one population that was feeling the effects more than most was the senior citizens. The Burlington Parks & Recreation created gift bags for local seniors; the Burlington Community Fund donated the bags for this project. In addition, the Fund sent out 216 "Welcome to Burlington" cards to new residents, alerting them of town information and resources, and helped with the Great Scavenger Hunt of Burlington, which got residents to explore the town.

Since the Fund's establishment, a total of \$34,500 in grants has been distributed, impacting a population of approximately 9,700 citizens. The listing of these grants can be found on page 13 of this Annual Report.

Men & Boys' Fund

Community foundations provide individuals, families, businesses and organizations with a vehicle that allows them to give back to their community in a way that is meaningful to them. That is why when a group of passionate men were concerned about the state of men and boys in the local communities, they approached Main Street Community Foundation. With their leadership, the Men & Boys' Fund was established in 2016 as a community-based endowment at MSCF.

This mission of the Men & Boys' Fund is simple: make it possible for men and boys to improve the quality of their lives, increase self-sufficiency, and make a positive difference in their community. To accomplish that, the Fund seeks to:

Increase: Resources and programs specifically geared toward men and boys

Encourage: Philanthropic giving among men

Educate: Residents on the unmet needs of local men and boys

Support: Programs and immediate needs of men and boys

Create: Positive male role models and paths to gainful employment and self-sufficiency

The COVID-19 pandemic has only strengthened the Fund's resolve to improve the lives of local men and boys. Despite the uncertainty surrounding nonprofit organizations, most are still running vital programs. To support them, the Men & Boys' Fund awarded a total of \$7,000 in grants in 2020. Four organizations were awarded program grants, while one was awarded a grant for unrestricted operating support. The listing of these grants can be found on page 13 of this Annual Report.

Since the Fund's establishment, \$22,700 has been awarded in program grants to local nonprofit organizations. Due to the generosity of the Men & Boys' Fund donors, each year has seen an increase in the amount of grants awarded. In addition, dozens of requests have been filled by the Men & Boys' Immediate Response Fund, which provides small one-time grants that lend a helping hand to men and boys in need of immediate financial assistance due to an unexpected hardship.

Plainville Community Fund

The Plainville Community Fund was established in 2006 at Main Street Community Foundation by a group of committed community leaders in Plainville who were interested in creating a permanent resource for charitable programs and projects that would enhance the quality of life for Plainville residents. The Plainville Community Fund Advisory Committee regularly assesses the needs in town, which inform the grantmaking. This year more than ever before, that was critical.

Due to the COVID-19 pandemic, nonprofit organizations were in need of not only programming support but unrestricted general operating support to ensure their operations continued. To assist the Plainville community, the Plainville Community Fund was very flexible in its grantmaking, responding to grant applications submitted during the competitive grant cycle while also making proactive grants throughout the year to meet the basic needs of residents. In total, \$12,000 in grants were awarded to seven organizations. These grants supported the purchase of food and daily essential items; youth mentoring; domestic violence services; and provided unrestricted operating support to organizations. A full list of the grants awarded from Plainville Community Fund can be found on page 14 of this Annual Report.

Since the Fund's establishment in 2006, the Foundation has awarded 87 total grants from the Fund totaling \$94,000 to organizations and programs working to improve the lives of Plainville residents.

Women & Girls' Fund

Organizations serving women and girls face unique challenges in the best of times. With the COVID-19 pandemic looming over everything, the needs of the nonprofits and those they serve increased drastically. After assessing those needs, Main Street Community Foundation realized these organizations simply need to be sustained so the critical services they provide to local women and girls can continue. To that end, MSCF awarded \$42,000 in unrestricted operating support grants from the Women & Girls' Fund to 12 organizations. The listing of these grants can be found on page 14 of this Annual Report.

"The Fund's Advisory Board fully supported the recommendation to sustain local organizations serving women and girls with unrestricted operating grants," said Catherine Cassin, Chair of the Women & Girls' Fund Advisory Board.

Although the 2020 WOW event was canceled, the local businesses, organizations and individuals who had already committed sponsorships to the event directed their support to the Fund's grantmaking. It is only due to their generosity – as well as funds from the Women & Girls' Fund endowment, the Barbara Hackman Franklin Fund for Women and the John & Gloria DiFrancesco Fund for Women and Girls – that the grants were able to be awarded.

In addition to the traditional grants, the Women & Girls' Fund Immediate Response Fund continued to distribute small grants to help women and girls who may be in need due to a particular life situation or unexpected financial hardship throughout the year.

The Women & Girls' Fund was established in 2001 as a community-based endowment at MSCF. The Fund supports programs and initiatives that benefits women and girls of all ages in Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott and has awarded over \$600,000 in the last 19 years to over 90 organizations and programs. The Fund taps into the power of women to strengthen their communities by:

- Funding programs for women and girls focused on education, career planning, personal finance, parenting, literacy and health and wellbeing.
- Empowering and celebrating women.
- Increasing public awareness of the needs that exist for women and girls and the opportunities available to help bridge the gap.

Bradley Henry Barnes & Leila Upson Barnes Memorial Trust

Bradley Barnes was a lifelong Southington resident who was completely devoted to the community. He was a trustee of Bradley Memorial Hospital, and served on the boards of the Southington Club, YMCA, and Chamber of Commerce. When he passed away in 1973 - his wife, Leila, had died 21 years earlier - Bradley cemented his legacy in Southington through the charitable Bradley Henry Barnes & Leila Upson Barnes Memorial Trust, now worth \$22 million. In January of 2004, MSCF became the court appointed trustee of the Trust and since that time has been carrying out the legacy of Bradley Henry Barnes through grants made in the Southington community. Since the time the Trust was transferred, 21 nonprofit organizations serving Southington residents have benefitted from over \$10,500,000 in grants.

From the establishment of the Trust in 1973 through 2013, funding was directed only to Bradley Memorial Hospital, now The Hospital of Central Connecticut. In 2013, MSCF commissioned a community health needs assessment to better understand health and healthcare needs in the Southington community and to identify areas where support from MSCF might address gaps in services and promote the health and well-being of community members. This study led to the decision to begin a community-based grantmaking program to support capital improvements and programmatic activities that promote the health and healthcare needs of Southington residents. Four priority areas for investment were identified:

- Accessibility and Affordability of Healthcare
- Substance Use and Mental Health
- Health and Healthcare Needs for an Aging Population
- Better Integrated Healthcare

2013

A LOOK BACK TO 2013

MSCF commissioned a health needs study for the Southington community, which resulted in a new era of grantmaking for the Bradley Henry Barnes & Leila Upson Barnes Memorial Trust.

In 2020, an update to the original needs assessment was commissioned, with a focus on identifying the progress made to date in the four current priority areas, continuing need in these areas, and any other pressing health or healthcare needs in Southington. To view the full *A Study of Community Health and Healthcare Needs | Southington, Connecticut*, visit mainstreetfoundation.org/publications. The Barnes Memorial Trust Advisory Committee will use this analysis to refine its strategy for the next few years, including establishing new priority areas and/or expanding existing ones.

While the focus areas identified in the 2013 study were reinforced in 2020, the COVID-19 pandemic required the careful assessment of the immediate needs of the Southington community. It was found that the Trust could assist organizations improving the health and wellbeing of Southington residents in ways other than just programmatic and capital grants: Unrestricted operating support grants and grants in direct response to COVID-19 would provide organizations with what they needed most. Of the total \$843,578 in grants awarded in 2020 from the Trust, \$627,753 was awarded in response to the pandemic; grants ranged from \$5,000 to \$100,000. An additional \$215,825 was awarded in program and capital grants. A full list of the grants awarded from Trust can be found on page 13 of this Annual Report.

A LOOK BACK TO 2004

MSCF was named as the successor trustee for the Bradley Henry Barnes & Leila Upson Barnes Memorial Trust, transforming MSCF and the Southington community.

FRIENDS OF THE FOUNDATION

We gratefully acknowledge the **Friends of Main Street** listed on this page who generously supported our **2020** annual Friends Appeal. This annual campaign, overseen by past board member and founder Tom Barnes, provides necessary administrative financial support to advance the charitable activities of the Foundation to better serve your communities.

We want to take this opportunity to sincerely thank the many campaign donors and volunteers. Without your gifts in 2020, we would not have been able to respond to our communities. Your annual gifts have built the structure which was certainly put to the test during the pandemic. Your support means more now than ever, and you can be proud of the comprehensive center for leadership and philanthropy you have created and helped to sustain for the benefit of your local communities, both now and forever.

A LOOK BACK TO 2011

The Women & Girls' Fund celebrated its 10th anniversary, and two local families established the John & Gloria DiFrancesco Fund for Women and Girls and the Barbara Hackman Franklin Fund for Women to benefit the Women & Girls' Fund's initiatives.

DEDICATION TO OUR FOUNDERS

In honor of the Main Street Community Foundation's 25th anniversary, we acknowledge our Founders.

Sherwood Anderson
Carlyle F. Barnes
Thomas O. Barnes
Delores Capers

Ann Clark
Terry B. Fletcher
Edward P. Lorensen

Jeanne E. Radcliff
John E. Smith
Christopher Ziogas

A LOOK BACK TO 1995

MSCF was officially established as a public charity on March 17, 1995. Ed Lorensen, then President of Bristol Savings Bank, allocated \$500,000 to start the community foundation as a condition of the Bank's merger with Webster Bank.

2020 OFFICERS

Top:
Marguerite P. Fletcher, Chair of the Board
Scott Fournier, Vice-Chair
David J. Aldieri, Secretary

Center:
Daniel J. Daigle, Treasurer
Kristine J. Dargenio, Assistant Secretary

Bottom:
John D. Scarritt, Past Board Chair
Susan D. Sadecki, President & CEO

Row 6:
Andrea Wasley

2020 COMMITTEE MEMBERS AND STAFF

Main Street Community Foundation welcomes volunteers from our local communities to serve as committee members. If you are interested in this opportunity, please contact us.

DID YOU KNOW?

Carlyle 'Hap' Barnes, one of the Founders of the Foundation, came up with the name Main Street Community Foundation. He wanted the name to represent all of the communities the Foundation would serve and reasoned that there is a Main Street in Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.
