**The Way We Choose to See the World Creates the World We See** is a reflection of the opportunities the Main Street Community Foundation provides each and every day to generous donors. Our mission is to help individuals, families and businesses who choose to create lasting impact in their local communities. It is our responsibility to match the resources entrusted to us to meet the changing needs of the Connecticut communities of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

We are the most comprehensive philanthropic organization serving the residents and neighbors of your communities. Stewarding nearly \$48.5 million in assets at December 31, 2019 composed of over 243 named funds, the Foundation has awarded \$19.3 million in grants and scholarships since its establishment in 1995. Our continuous adherence to sound financial practices led to an unqualified audit opinion of our 2019 financials from the accounting firm blumshapiro. We are also confirmed in compliance with the National Standards for U.S. Community Foundations, a distinction we have held for over fifteen years.

As of the writing of this message in mid-2020, we had hoped to be putting the final arrangements together for a community celebration of the 25th anniversary of MSCF. Instead, we are navigating uncharted waters to respond to our community and the unlimited challenges facing all of us due to the COVID-19 public health crisis. We continue to seek ways to support our nonprofits who are meeting the

basic needs of residents; sheltering the homeless; conserving open space; engaging residents through arts, culture and music; educating and enriching people of all ages; and protecting animals of every species.

We are forever grateful to the many caring people who have created a community foundation that is significant and is certainly needed now more than ever. This annual report is dedicated to Dolly Chamberlin, a community leader and former MSCF board member, who devoted her life to the community of Plainville. A tribute to Dolly can be found on Page 28 of this Annual Report.

On behalf of the Founders, Board of Directors and staff of MSCF, we hope you enjoy the stories of our donors and their investments in your community. It is also an opportunity to recognize the collective philanthropy of all and to invite you to join with us so together we can continue creating lasting impact in the **World We See** – forever.

GIFT PLANNING

## Gift Planning

Since our founding in 1995, endowed gifts and bequests have been the cornerstone of charitable contributions to the Main Street Community Foundation. Each of the following funds established in 2019 reflect a donor's interest or philanthropic objective to leave a legacy and make a difference in one or more of the communities we serve – Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

## Funds Established in 2019

### Joann Galati Scholarship Fund for Education

Joann Galati established this scholarship fund to continue her love of working with children and young adults and celebrate her joy of teaching. This scholarship will provide annual assistance to graduating seniors or graduates of Bristol Central High School or Bristol Eastern High School pursuing post-secondary education at a four-year college or university with a major in education. Joann wants to give students the opportunity to pursue a career in a field that gave her so much joy. A Southington resident, Joann spent 35 years in education before retiring in 1999. She began her career as a physical education and health teacher at Bristol Eastern High School before entering her first administration position as the Director of Health, Physical Education and Athletics for Bristol. Several years later, Joann became Assistant Principal at Chippens Hill Middle School and then ultimately the Principal at Stafford Elementary School. She was a basketball and softball coach for years and is an avid sport participant and skier.

### HAT Foodshare Eviction Prevention Project Fund

Foodshare is a regional food bank that partners with communities to form Hunger Action Teams (HATs), which are groups of individuals and organizations working in collaboration to solve hunger. This special project fund is a grant funded collaboration between MSCF and Bristol Community Services, both members of the Bristol HAT, to create the Eviction Prevention Pilot Program for Bristol residents. MSCF serves as fiscal sponsor and Bristol Community Services as the administrator for this program, which assists Bristol residents with one-time emergency housing assistance. The Bristol community continues to struggle with eviction for employed individuals and households. These funds will help stabilize households that are at-risk for eviction and thereby prevent homelessness.

### KAWFY Memorial Fund

An anonymous donor established this field of interest fund through a bequest to support programs and projects that will benefit the Southington community. A longtime Southington resident, the donor wished to help the town thrive with grant support to meet the changing needs of the community. *Read more about this fund on page 8.*

### KAWFY Memorial Scholarship Fund

This scholarship fund was established through a bequest and will provide financial assistance to residents of Southington as they work to achieve their educational and career dreams. This scholarship will be available to an individual who is a graduating high school senior, currently enrolled college student or an adult returning to school who is pursuing post-secondary education at a vocational school, two-year or four-year college or university. Preference will be given to a student interested in becoming an author as the donor had a passion for writing. *Read more about this fund on page 8.*

### Plainville Housing Assistance Fund

This field of interest fund was established to assist low income residents from Plainville in need of financial assistance to secure affordable housing. In partnership with social service agencies working with residents, grants will be made to assist with support such as security deposits or other rental assistance, such as first month's rent.

## Becoming a Donor/Establishing a Fund

There are many ways to donate to Main Street Community Foundation to support worthwhile charitable organizations and causes in our service area of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott, Connecticut. The Foundation offers a range of personalized services to help donors fulfill their charitable goals. As partners in philanthropy, we work with each donor to establish a fund or gift plan without complex administrative burdens.

### GIVE TO AN EXISTING FUND

You can support the Foundation's ongoing work with an unrestricted gift of any amount. Contributions can also be made to any of the Foundation's permanent endowment funds which benefit a diverse range of charitable purposes.

### ESTABLISH A NEW FUND

Our donors are individuals, families, companies and charitable organizations. You can establish a fund using a variety of gift-giving vehicles, including: cash, stock, retirement assets, other tangible personal property, bequests and other planned gifts. Most new endowment funds can be established with a minimum donation of \$10,000; to establish a new scholarship fund, the minimum is \$25,000. This gift can be given as a lump sum or over a period of time during your life. You may also leave charitable assets upon your passing in the form of a bequest in a will or trust, retirement plan designations or beneficiary designation in a life insurance policy. A fund can be established as a permanent endowment or as a temporary fund in which income and principal will be distributed.

### Our flexible fund options include:

#### UNRESTRICTED COMMUNITY FUNDS

Your gift is flexible and responsive to emerging and changing community needs. You place no restrictions on your gifts and leave decisions about charitable use of the funds to the Foundation.

#### FIELD OF INTEREST FUNDS

You have the opportunity to support a broad category of need such as the arts, healthcare, education, environment or a specific geographic area. Grant recipients are selected by the Foundation's Distribution Committee.

#### DONOR ADVISED FUNDS

You actively participate in grantmaking by recommending charitable organizations to receive grants. Foundation staff assists you by researching grant requests and connecting you with potential grant recipients.

#### DESIGNATED FUNDS

You designate support for a specific charitable organization. If the named charity ceases to exist, another organization with a similar purpose is selected by the Foundation's Board of Directors to ensure your purpose for giving will be honored in perpetuity.

### AGENCY ENDOWMENT FUNDS

Established by a nonprofit organization as a means to protect their charitable dollars for the future and to ensure an annual source of support for their programs and operations.

### SCHOLARSHIP FUNDS

You can establish a named fund for any level of education. You may designate a particular school or field of study and select eligibility criteria.

### SUSTAINABILITY FUNDS

You make permanent gifts that strengthen the Foundation's role as a funder, a community leader, convener and advocate.

### DONOR SERVICES

The Main Street Community Foundation provides permanent, professional administration of charitable funds without the expense or effort of establishing a private foundation. All assets are professionally managed with oversight by the Investment Committee and Board of Directors. There is no cost to establish a fund. There is a modest management fee which supports the administrative operations of the Foundation. Your benefits include:

- Choice of fund type and fund name
- Grantmaking support and counsel
- Administration of gifts and grants
- Maximum tax advantages allowed by law
- Prudent investment management
- Permanent recognition or anonymity at donor's discretion

### ADDITIONAL SERVICES

The Foundation can assist private foundations or other grantmaking institutions in a variety of ways that include:

- Administration of grantmaking programs
- Project review for funding consideration
- Advisement on community needs and priorities
- Assistance to private foundations to meet pay-out requirements

## CORNERSTONE SOCIETY

### Leaving a Legacy Through Bequests and Planned Giving

The Main Street Community Foundation is built on the dreams and desires of people who are part of the Foundation's service area. For some people, the desire to create a legacy comes during their life as a current gift. For others, these legacies are shaped by the donor as future bequests or planned gifts. And still at other times, a celebratory or tragic event, such as a retirement or sudden death, will be the impetus for honor or memorial gifts that may be used as the beginning of an endowed fund in a loved one's name. Large or small, all of these gifts enhance the quality of life in your community for generations to come.

If you have included Main Street Community Foundation in your estate plan and would like to be included in the Main Street Cornerstone Society, please contact the Foundation office at 860.583.6363.

A cornerstone provides a strong support to a structure for its future stability. Laying this groundwork for the future is critical. Like this permanent support, Cornerstone Society members lay the groundwork for the organizations and causes they care about most, and the future stability of the Foundation.

The opportunity to give later is simple. You can leave a bequest to the Main Street Community Foundation for the causes you care about in a will or trust, through a retirement plan designation, life insurance beneficiary designation, remainder interest in real estate, or other planned giving vehicles.

We are pleased to recognize the following very generous individuals who have made or have communicated their plans to leave a gift to the Foundation in their will, estate plan or some other deferred gift.

## An Unexpected Gift

What do you do when you receive a \$1,000,000 gift from a donor you never knew and who made it very clear they wished to remain anonymous? Amazingly, in September of 2019, MSCF was notified of an unexpected and very generous bequest of \$1.02 million to establish two endowment funds - the KAWFY Memorial Fund and the KAWFY Memorial Scholarship Fund to support the Southington community.

"We were very surprised," said Susan Sadecki, MSCF's President & CEO. "I wish I had an opportunity to thank this donor and know more about why they chose to leave this gift to benefit others. We are very grateful and will certainly work diligently to fulfill this donor's wishes."

Even though the donor wished to remain anonymous, we do know that the financial advisor played a large role in helping this person leave a charitable legacy to their community. This advisor knew about MSCF and how a community foundation is uniquely qualified to carry out bequests and legacies. They worked with the donor to ensure that the bequest would accomplish exactly what they intended. The result was the establishment of two funds:

**The KAWFY Memorial Fund** will support projects and programs that will benefit the community of Southington and grants from will be awarded through the General Grant Cycle.

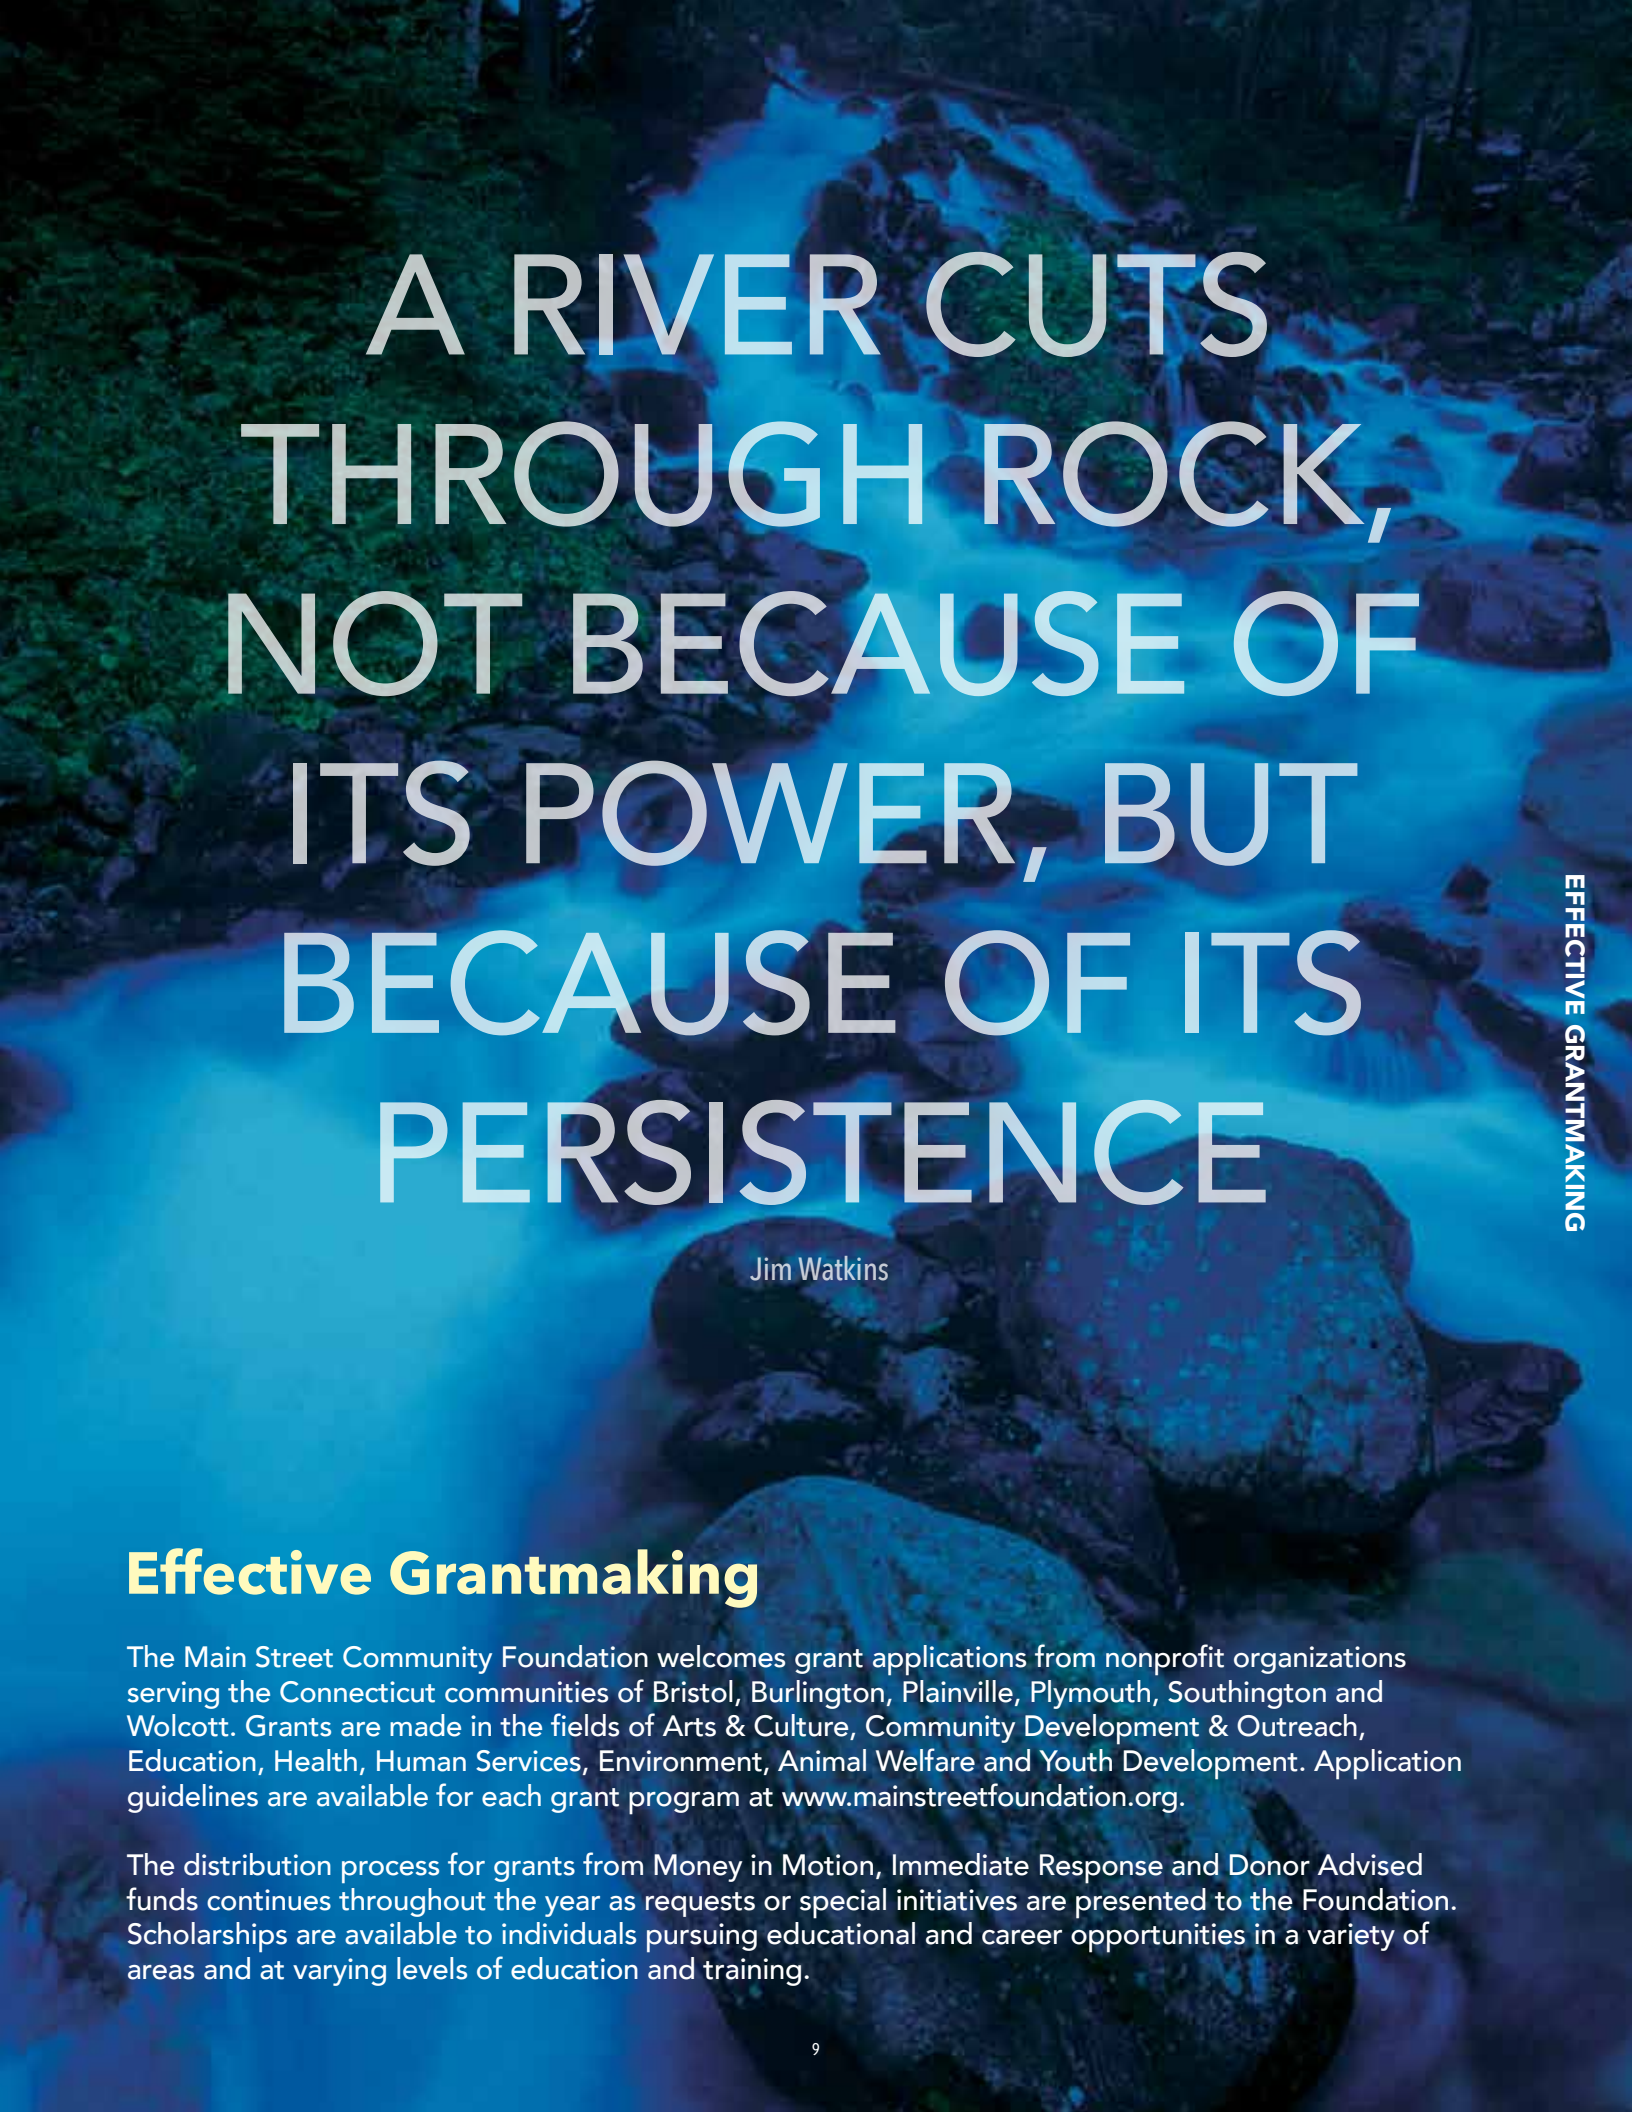

### The KAWFY Memorial Scholarship Fund

will provide financial assistance to residents of Southington as they work to achieve their educational and career dreams. This scholarship will be available to someone who is a graduating high school senior, currently enrolled college student or adult returning to school who is pursuing post-secondary education at a vocational school, two-year or four-year college or university. Preference will be given to someone interested in becoming an author.

This bequest is an excellent example of how financial advisors often help their clients by listening for giving opportunities, knowing and explaining options and suggesting solutions. Selecting the right assets to give, the timing, and ways to give can maximize a client's impact on the charity (or charities) of his/her choice, while providing maximum financial benefits.

While sometimes the bequest is a surprise such as in this case, Main Street Community Foundation often works with financial advisors before, during and after the advisors' conversations with their clients and the establishment of a will. MSCF also has information for advisors to help inform their clients at [www.mainstreetfoundation.org/for-advisors](http://www.mainstreetfoundation.org/for-advisors).

"We are honored that this donor included Main Street Community Foundation in such a significant way to impact the community of Southington," said Sadecki. "And we are grateful that their financial advisor recommended MSCF as the best way to leave a charitable legacy in our community."

EFFECTIVE GRANTMAKING

## Effective Grantmaking

The Main Street Community Foundation welcomes grant applications from nonprofit organizations serving the Connecticut communities of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott. Grants are made in the fields of Arts & Culture, Community Development & Outreach, Education, Health, Human Services, Environment, Animal Welfare and Youth Development. Application guidelines are available for each grant program at [www.mainstreetfoundation.org](http://www.mainstreetfoundation.org).

The distribution process for grants from Money in Motion, Immediate Response and Donor Advised funds continues throughout the year as requests or special initiatives are presented to the Foundation. Scholarships are available to individuals pursuing educational and career opportunities in a variety of areas and at varying levels of education and training.

COMMUNITY LEADERSHIP

## Community Leadership

The Foundation's community leadership efforts, also known as "Money in Motion," address a broad range of community goals. We identify opportunities within the community to support meaningful dialogue on issues affecting the towns we serve. We convene community members, assess changing needs, and propose action on critical concerns. In this way, we are able to develop collaborative solutions to meet emerging needs and provide support to what matters most to the people who live and work in the cities and towns of this region.

## Community Conversation on Equity, Inclusiveness and Excellence

In 2019, when then Superintendent of Bristol Public Schools, Dr. Susan Kalt Moreau, called Main Street Community Foundation (MSCF) seeking funding for *Community Conversations about Equity, Inclusiveness and Excellence*, Susan Sadecki, MSCF's President & CEO, knew she had to assist.

"There shouldn't be anything standing in the way of such an important issue," said Sadecki.

Moreau told MSCF, "We're looking to make our community more responsive to the diversity we have. It's so we can become more culturally aware and take into consideration people's different sense of self when we plan programs."

These events "provided attendees the opportunity to understand their own identity and then meet other participants to share each other's most significant identity traits," said Moreau. These identity traits include gender, race, religion, language, occupation and family among others.

"It's to make sure that we're being as sensitive as we can be to the fact that we all have differences and we need to appreciate those, as opposed to having a standard cookie cutter response to how all children are educated," she continued.

"Each one of us who participated takes back our learning into whatever groups we interact with to share what are really the Board of Education's core values of inclusiveness and excellence. We want our staff, our kids, our community to look at one another with what's called an equity lens," she said.

Two community conversations were held in January and May 2019 at Bristol Eastern High School and Bristol Central High School, respectively. Each session had over one hundred participants, which included parents, educators, community members and middle school and high school students.

Funding for the May 2019 conversation was made possible with grants from the Barnes Group Foundation, and the Tom & Melanie Barnes Family Fund and Money In Motion Fund at MSCF.

Bristol Board of Education Chairman Chris Wilson commented, "Everyone holds beliefs about various social and identity groups. Snap judgments are not always positive. When diversity and inclusion is first brought up, there is usually a lot of support for the idea, but once you start getting into changing policy or other issues you start to see some pushback. I think that's why we need to create a shared view in order to proceed."

## Helping to Make Community Wishes Come True

If you were a donor looking for a tangible way to give to local nonprofits, would you know where to start? If you were a nonprofit and you had pressing needs, would you know where to turn to get those needs fulfilled?

Luckily for both donors and nonprofits, there is one easy place they can turn – MSCF's Community Wish List. The Community Wish List is a collection of needs from over 35 nonprofits serving the towns of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott.

Back in 2012, MSCF was fortunate to partner with students from Tunxis Community College involved in a VISTA service-learning project. These students were inspired by a previous project – the Connecticut Council for Philanthropy's "Ways to Share... A Holiday Wish List" – so they gathered information from several organizations and added it to the already existing list. From there, the Community Wish List has grown each year.

The easy to navigate list is regularly updated and includes hyperlinks to each listing from a landing page, so donors don't have to spend a lot of time scrolling through text to find the organization they want to help. Each listing is concise and includes on-going needs for things like program supplies, gift cards, non-perishable food/basic needs items, volunteer requests, etc.

Part of the goal of the Community Wish List is to empower donors to personally reach out to their community nonprofits, using the list as a launch pad for building future relationships. Furthermore, donors with Donor Advised Funds at MSCF can recommend a grant from their Fund to fulfill all or part of a wish from a nonprofit.

Mindy Wallen is the Grants Manager at MSCF and the "keeper of the list." When asked why she feels this is an important tool in our community, she responded, "We are flooded with so much information every day. It can be difficult to wade through it all when looking for ways to make a difference in our communities. Our Community Wish List provides a one-stop opportunity to learn about needs in our community and identify organizations working hard to meet those needs. It's an invitation to caring individuals to get involved and make a difference through informed and purposeful giving."

## Plainville Public Library Has a New Offering in Stock: A Social Worker

Our libraries are filled with resources, in print and online, and now the Plainville Public Library's newest addition of a social worker will fill a critical need. In the summer of 2018, the Director of the Berlin-Peck Memorial Library, Helen Malinka, felt the need to address the Berlin Town Council with a concern. She said, "Libraries are changing along with other agencies in town and we are discovering that we are home to people that have mental health issues and people that are homeless. The library is a safe place, it's a shelter. However, this brings a whole other set of issues and staff are not trained to handle these kinds of needs."

She reached out to other local libraries, including Plainville, Southington and New Britain, only to find out that they were all experiencing the same issues. Malinka started to explore the idea of applying for a grant from the Community Foundation of Greater New Britain (CFGNB) to hire a professional to train staff and provide services directly through a shared model in partnership with Hartford HealthCare.

When CFGNB reached out to Susan Sadecki at Main Street Community Foundation about this idea, Susan readily agreed to consider partnering to fund the cost in Plainville, a community MSCF serves. With a \$2,500 grant from the Money in Motion Fund, a social worker was made available at the Plainville Public Library. The social worker offers free services one day a week and provides the following:

- Counseling resources and services
- Employment and unemployment resources
- Assistance with understanding and navigating state insurance options
- Energy and housing assistance resources
- Guidance for those in need of shelter
- Information on other area services available

"Libraries are critical community centers," stated Sadecki. "Individuals in need of these services are in the libraries already and now they have an additional resource they can turn to in order to make a difference in their lives."

## Southington Health Outreach Project Continues with \$40,000 Grant

What do you do when funding is ending for a particular project after a five-year grant but the program is so effective it can't stop? You continue that funding. And that's exactly what the Barnes Memorial Trust Advisory Committee did for the Southington Health Outreach Project in 2019 by recommending a \$40,000 continued funding grant.

First some background: In 2014, the Bradley Henry Barnes & Leila Upson Barnes Memorial Trust at MSCF awarded Wheeler Clinic a \$79,000 grant to pilot the Southington Health Outreach Project to enhance access to mental health and substance abuse recovery services. The purpose of the Project was to assist Southington residents and families in recognizing the signs and symptoms of mental health and substance use challenges, navigating available resources, and reducing barriers. The goal was to create a healthier community and to reduce the stigma and discrimination that is associated with mental illness.

The project employs a three-tiered approach to serving individuals and families in Southington, including:

- outreach and health education;
- system navigation assistance; and
- efforts to reduce barriers to care such as transportation, child care concerns and others.

Through the grant, a full-time senior community health outreach coordinator was hired, who collaborates with key community organizations to reach school-aged, low-income, elderly and other vulnerable populations and provide direct assistance to individuals in scheduling appointments; linkage with certified professionals who can assist with Medicaid and Medicare enrollment; and connection to substance abuse treatment and recovery, health care services, early childhood and other programs and services.

Since its inception, the Southington Health Outreach Project has reached hundreds of Southington residents through the Southington Public Library, Calendar House Senior Center, Southington Chamber of Commerce, Southington Housing Authority, Southington Community YMCA, civic and faith groups, grocery stores, pharmacies and numerous other community organizations. The project also has connected many residents to services, including primary and behavioral health care, and linkages with other financial and disability services.

In addition to the community health outreach coordinator, this grant also made it possible for two different versions of the Southington Behavioral Health Resource Directory to be published. This is a free directory to help Southington residents find and utilize local mental health and outreach services. The Southington Behavioral Health Resource Directory provides a listing of mental health and substance use treatment providers; information about detoxification and eating disorder programs; a collection of local mental health and substance use disorder support groups; glossary of mental health and substance use disorder terms; and more. The Directory can be found on [www.mainstreetfoundation.org](http://www.mainstreetfoundation.org) under "Publications".

## Stewardship of Assets

STEWARDSHIP OF ASSETS

Main Street Community Foundation is a steward of permanent assets and provides a unique service to the community. Each of the funds listed in this report was established by a donor with a very specific purpose in mind. Safeguarding assets in perpetuity to honor donor intent is a responsibility we uphold every day. Administered prudently and thoughtfully, endowments will continue to provide a stable source of funding to projects, programs and organizations in the Foundation's service area. All financial policies instituted by the Foundation are cornerstones of that prudent stewardship.

With grant support from the Douglas and Noreen Schumann Special Interest Fund and the Bristol Brass General Grant Fund, the Imagine Nation, A Museum Early Learning Center began a career program for young children to introduce them to a wide variety of occupations in their community. Here students are focusing on construction and building. The class discussed blueprints and learned that a blueprint is a design plan that is drawn out first and is then used to create a structure. The students created their blueprints on blue paper and they used Legos and white paint to stamp onto their paper to create a plan for a building.

## Burlington Community Fund

The Burlington Community Fund is a growing endowment fund, established in 2011 at Main Street Community Foundation, to provide a permanent source of funding for charitable projects and programs that will enhance the quality of life for Burlington residents. The Advisory Council for this fund helps identify needs in the community and evaluates grant applications for local support.

In 2019, \$5,000 was awarded from the Fund to four local organizations. The New Britain Museum of Art received a grant for its Access to the Arts Program. The New England Carousel Museum was awarded a grant for its S.T.E.A.M. project for second graders at Lake Garda Elementary School, and the Environmental Learning Centers of Connecticut received a grant to support summer camps for Burlington residents. Additionally, a \$500 grant was awarded to the Burlington Land Trust to help with the Grange restoration project. As Janet Schwartz, the Advisory Council's Treasurer said, "2019 was a good year for the town of Burlington. Grants supported projects that will enhance the lives of students, as well as adults, in Burlington."

During the year, Advisory Council members continued to collaborate with the Town of Burlington to send out "Welcome To Burlington" postcard mailings to new homeowners with links to town facilities, businesses, and information about the Burlington Community Fund. In the Fall, an annual fundraiser was held - the Burlington 5K. Advisory Council members and other volunteers also continued to attend events in Burlington to promote the Fund and raise awareness for its importance throughout the community.

Since the Fund's establishment eight years ago, a total of \$30,700 in grants has been distributed. To see a list of all grants awarded from the Fund, see page 12 of this Annual Report.

## Men & Boys' Fund

In 2016, a group of local men came together because they were concerned about the state of men and boys in our society. With their leadership, the Men & Boys' Fund was established at Main Street Community Foundation as a community-based permanent endowment with a mission to: make it possible for men and boys to improve the quality of their lives, increase self-sufficiency and make a positive difference in their community.

Since the Fund's establishment, \$15,700 has been awarded in program grants to local nonprofit organizations. In 2019, the Men & Boys' Fund awarded grants to five organizations, which are listed on page 12. Two new programs that were funded specifically advanced the opportunities for men, where historically the Fund has seen more requests for programs that serve boys. The John J. Driscoll United Labor Agency received a \$1,000 grant to provide support for men who are training for a career in the building trades, while Brian's Angels Homeless Outreach was granted \$1,500 for a computer resource center that will help men apply for jobs and take online job training courses.

Additionally, the Men & Boys' Immediate Response Fund provides small one-time grants that lend a helping hand to men and boys in need of immediate financial assistance due to an unexpected hardship. In 2019, five grants were awarded totaling \$986. One grant was distributed to a single dad and his daughter who were homeless. They found a new apartment but needed \$190 for the utility deposit; a grant from the Fund met that need. Another grant helped a student at a local alternative high school. He had the skills and talent to pursue a career in woodworking. A \$250 grant funded the woodworking tools to hone his craft.

As a way to honor and raise awareness of the importance of fathers, the Men & Boys' Fund held "Family, Fun, and Fathers", a bowling event at Lessard Lanes in Plainville the week before Father's Day. The event provided men, boys and their families with a fun-filled evening while introducing the Fund to more people in the community. The event attracted more than 100 people for two hours of family time, bowling and miniature golf games, and raffle prizes were donated by generous local businesses.

Chris Amorosino, the Communications Chair for the Men & Boys' Fund Advisory Board, reflected on the Fund: "There are lots of reasons for the Men & Boys' Fund's success. We could not have built a \$64,000+ endowment and provided more than \$15,500 in program grants and \$3,600 in immediate response grants in three years without guidance from MSCF and the generosity of so many people in the six towns served. The Fund's success is also due to the expertise, dedication, and commitment of the volunteers that serve on the Advisory Board."

## Plainville Community Fund

The Town of Plainville celebrated its 150th anniversary in 2019 with a town-wide picnic and historical tours of Plainville. Trolleys took participants around to 12 sites where volunteers shared the historical background of the sites.

Accompanying the tour were brochures bringing awareness to the historic locations. These brochures were also available at local businesses and organizations so individuals and families could do the walk on their own and at their convenience. Main Street Community Foundation awarded the Town of Plainville a \$1,500 grant from the Plainville Community Fund in 2019 to support the historical walking and trolley tour.

The grant awarded for the 150th Anniversary Celebration is just one of 10 grants totaling \$12,500 that were awarded from the Plainville Community Fund in 2019. A full list of the grants awarded from this Fund can be found on page 12 of this Annual Report.

Since the Fund's establishment in 2006, the Foundation has awarded 80 total grants from the Fund totaling over \$82,000 to organizations and programs working to improve the lives of Plainville residents.

Grants have supported causes such as domestic violence prevention programs in the high school, food baskets at the food pantry, concerts at the park, educational opportunities for students and families and enrichment activities for all ages.

The Fund was established at Main Street Community Foundation by a group of committed community leaders in Plainville who were interested in creating a permanent resource for charitable programs and projects that would enhance the quality of life for Plainville residents. Main Street Community Foundation relies on donations to the Plainville Community Fund from individuals, families and businesses to help meet the changing and emerging needs of Plainville.

### TRIBUTE TO A TRUE COMMUNITY LEADER

We dedicate this Annual Report to the memory of **Dolly Chamberlin** (1928-2020), our dear friend, community leader and valued mentor, in grateful recognition of her contributions to Main Street Community Foundation.

Serving 7 years on the Foundation's Board of Directors, Dolly's leadership, humor and generous spirit were an integral part of our organization. A lifelong resident of Plainville, Dolly truly cared about her community, continually thinking of ways to serve and improve it. She was one of the Founders of Main Street Community Foundation's Plainville Community Fund and served as Chair of the Advisory Committee for over a decade. Under her leadership, the Fund has grown to over \$200,000 and has distributed over \$82,000 in grants to fund programs and projects that enhance the lives of Plainville residents. Dolly was a champion for Plainville and while we will miss her spirit, energy and counsel, her legacy carries on through the work of the Plainville Community Fund and the Foundation.

## Bradley Henry Barnes & Leila Upson Barnes Memorial Trust

The Bradley Henry Barnes & Leila Upson Barnes Memorial Trust was established to support the health and well-being of Southington residents. The Trust was formed in 1973 through the Last Will and Testament of Bradley H. Barnes, a lifelong Southington resident who cared deeply about his community. In January of 2004, the Main Street Community Foundation became the court appointed trustee of the Trust and since that time has been carrying out the legacy of Bradley H. Barnes through grants made in the Southington community. Over 21 nonprofit organizations have benefitted from over \$9,000,000 in grants distributed from the Trust since 2004.

A community health needs assessment was commissioned in the Fall of 2019 to better understand the current health and health care needs in the Southington community and to identify areas where support from the Foundation might address gaps in services and promote the health and well-being of community members. An additional goal of the assessment is to inform the grantmaking strategy for the Trust and evaluate the success of the community investments to date. The study is expected to be released in early 2020.

In 2019, grants totaling **\$809,820** were awarded to 13 nonprofit organizations.

There were two first-time grantees who received program and capital support for the following vital projects:

**The L.E.A.F. (Lewis Educational Agricultural Farm)** was awarded **\$35,000** to support educational farm programs in the schools and to ensure a healthy and sustainable food supply in Southington. Over 2,000 Southington students are served each year in programs both at LEAF and at the schools, such as planting and harvesting school gardens, hydroponics, summer farm camp and animal care and sustainability.

**Southington Education Foundation** was awarded **\$34,475** for materials to implement the "RULER" social and emotional intelligence initiative districtwide in the Southington schools. The RULER initiative was developed by the Yale Center for Emotional Intelligence and is an acronym for the five skills of emotional intelligence: Recognizing, Understanding, Labeling, Expressing and Regulating. The initiative has been successfully piloted in several schools and will now be rolled out to the entire district. The goal of this initiative is to improve the mental health of both students and teachers by giving them the tools to develop resilience and become more focused and compassionate to others in the face of challenging social situations.

Additionally, the following grants were awarded from the Barnes Memorial Trust in 2019:

**Bread for Life** was awarded **\$10,000** for the continuation of a weekly meal program for food-insecure clients.

**Early Childhood Collaborative of Southington** was awarded **\$25,000** for the continuation of an educational well-being initiative for Southington's young children and caregivers including mental health education, a healthy habits initiative to combat obesity and various childhood safety issues such as bike helmet safety and car seat checks.

**Hartford HealthCare Senior Services** received **\$75,000** to complete the renovation of the memory care unit at Southington Care Center to create a warm and calming environment for dementia residents and their families.

**LiveWell Alliance, Inc.** was awarded **\$115,000** to continue the Dementia Friendly Southington Initiative which strives to make Southington a welcoming and supportive community for people with dementia. A focus for 2019 was implementation of dementia sector training for local businesses and faith communities.

**Living in Safe Alternatives (LISA, Inc.)** was awarded **\$52,920** to continue the 1-2-3 Prevention, Intervention & Recovery program for teens and parents in collaboration with Southington Youth Services and the STEPS Coalition.

**Prudence Crandall Center** received **\$42,500** to continue critical domestic violence intervention and prevention services in the Southington schools and community.

**Southington-Cheshire Community YMCAs** was awarded **\$18,630** to continue the Diabetes Prevention Program in collaboration with Hartford HealthCare Senior Services and **\$200,000** to install a splash pad at Camp Sloper to promote healthy summer recreation for campers and for general use by the public on Sundays.

**Southington Community Cultural Arts (SoCCA)** received **\$95,000** to continue the All Access program which teaches creative work and life skills to adults with intellectual disabilities.

**United Way of Southington** was awarded **\$51,295** to continue a transportation program for seniors which provides rides to medical appointments, pharmacies, hair salons, barber shops, banks or care facilities to visit a family member.

**Wheeler Clinic** was awarded **\$40,000** to continue the Southington Health Outreach Project to enhance access to behavioral health services.

Lastly, **\$15,000** was awarded for community leadership sponsorships in Southington which included \$10,000 to support the 2020 Healthy Family Fest.

## Women & Girls' Fund

Empowerment and equality were the resonating themes throughout 2019 for the Women & Girls' Fund. From the Wonder of Women (WOW) event in April, to the Annual Community Lunch & Learn in August, to the screening of *Women's Work: Stories Behind the Movement* in October, the whole year was focused on empowering girls and women and forging equity in their education, health, leadership and economic advancement.

To that end, **\$55,030** in program grants were awarded to **19** organizations providing assistance in these, and other, important areas. The listing of these grants can be found on page 13 of this Annual Report. In addition to the competitive grant cycle every fall, the Women & Girls' Immediate Response Fund distributes small grants to women and girls who may be in need due to a particular life situation or unexpected financial hardship.

The Women & Girls' Fund was established in 2001 as a community-based endowment of the Main Street Community Foundation (MSCF). The Fund supports programs and initiatives that benefit women and girls of all ages in Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott. The Fund taps into the power of women to strengthen their communities by:

- Funding programs for women and girls focused on education, career planning, personal finance, parenting, literacy and health and well-being.

- Empowering and celebrating women by hosting events such as the annual WOW fundraiser, publishing articles, sponsoring community gatherings and by inviting women to volunteer on the Women & Girls' Fund Advisory Board and committees.
- Increasing public awareness of the needs that exist for women and girls and the opportunities available to help bridge the gap.

Since its establishment 18 years ago, the Women & Girls' Fund has provided over \$560,000 in funding to nearly 90 organizations and programs. The funds for these grants come from four sources – the proceeds of the annual WOW event, the Women & Girls' Fund endowment and two other named funds whose distributions support initiatives identified by the Women & Girls' Fund: John & Gloria DiFrancesco Fund for Women and Girls and Barbara Hackman Franklin Fund for Women.

As we work toward empowering current and future generations and ensuring equality for all women and girls, we know that the work we support through these grants and local community leadership initiatives is truly making a difference and strengthening our communities.

Guests were welcomed to a free screening of *Women's Work: Stories Behind the Movement*, an original documentary from Connecticut Public (CPTV). The documentary featured the stories of eight Connecticut women who share a common desire to be part of a collective effort – serving as leaders, trailblazers, artists, educators, advocates and entrepreneurs.

## FRIENDS OF THE FOUNDATION

We gratefully acknowledge the **Friends of Main Street** listed on this page that generously supported our 2019 annual Friends Appeal. This annual campaign, overseen by past board member and founder Tom Barnes, provides necessary administrative financial support to advance the charitable activities of the Foundation to better serve your communities.

In appreciation, a donor and friends reception is hosted annually by a Foundation supporter. In 2019, the reception was hosted by Ken and Mary Benoit at their beautiful home on Cedar Lake in Bristol. The reception gave the Foundation the opportunity to sincerely thank its many campaign donors and volunteers, especially all those who support the annual Friends Appeal and believe in the importance of local philanthropy.

Sincere gratitude to Ken and Mary Benoit for their generosity and hospitality, including boat rides around the lake, that made the 2019 Friends Reception a memorable experience for all in attendance. Special appreciation to Dawn Nielsen for designing the invitation; and Garrett Printing & Graphics for their donation of printing.

Many thanks to all who support our annual Friends Appeal and who value the work of the Foundation. You can be proud of the comprehensive center for leadership and philanthropy you have created and helped to sustain for the benefit of your local communities both now and forever.

The art studio at the Bristol Adult Resource Center (BARC) created a 16-month calendar featuring artwork from its clients. Julie, an individual at BARC is shown here holding the calendar; she is the creator of the front cover. This project was supported with a \$2,394 grant from the Pat & Bob Wollenberg Family Fund for the Community and the Jay & Elizabeth Tyrrell Fund for the Arts.
