Main Street Community Foundation Scholarship Program

Main Street Community Foundation's scholarship program brings together students and donors who care about education. The Foundation currently administers over 80 named scholarship funds that have been established by individuals, families, businesses and other organizations. Although each scholarship has unique criteria, all donors seek to assist students in pursuing their education and achieving their goals and dreams. They believe that helping students ease the financial obligations of education is an investment in the future.

Because of these donors' generosity, the Foundation awarded over \$228,000 in scholarships to 150 students in 2020. The students – graduating high school seniors, current college students and adult learners – hail from the towns of Bristol, Burlington, Plainville, Plymouth, Southington and Wolcott as well as other communities. They are continuing to pursue their education by attending four-year colleges and universities, military academies, community colleges and vocational/technical schools.

Volunteer Scholarship Committee

All scholarships are awarded through a blind competitive application process. A volunteer selection committee appointed by the Foundation's Board of Directors evaluates all applications before recommending recipients.

Thank you to the members of the volunteer Scholarship Committee for all of their hard work and dedication in evaluating over 1,100 applications in 2020:

Establishing a Scholarship Fund at Main Street Community Foundation

Scholarship funds at Main Street Community Foundation were established by individuals, families and businesses from all across central Connecticut. While their motivations for establishing the funds vary, they all share one thing – the desire to help students achieve their educational and career goals.

Scholarship funds provide financial assistance to students pursuing educational opportunities in a variety of different areas and at different stages of their academic careers. Moreover, the majority of these funds are endowed, which means that the Foundation can continue to award these scholarships to students forever.

There are two ways you can make a meaningful impact on local students through the Main Street Community Foundation:

- 1. Establish an individual named fund.**

You can establish a named fund for any level of education. You may designate a particular school, field of study and select eligibility criteria. The fund can be started using a variety of gift giving vehicles, including: cash, stock, retirement assets and other tangible personal property. The minimum donation to establish a scholarship fund is \$25,000. This gift can be given as a lump sum or over a period of time during your life. You may also leave charitable assets upon your passing in the form of a bequest in will or trust, retirement plan designations or beneficiary designation in a life insurance policy.

- 2. Contribute any amount to an already established named fund.**

You can donate any amount at any time to any of the established funds at the Foundation. Each scholarship fund has its own purpose and you can choose which fund to donate to based on your passion and the type of student you want to help.
